

About Convergent

Convergent is a **global systems integrator** focused on delivering results for our customers through unparalleled **service excellence**. At Convergent, our top priority is service in every way—service to customers, colleagues, and the community. As an integrator, Convergent works alongside a global network of partners and manufacturers to design, install, and service security, fire alarm, life safety, audio-visual, and building automation solutions for enterprise customers. Our unique and empowered culture, guided by our Values and Beliefs, helps us stay accountable to our mission, and our number one objective: to be our customers' best service provider.

About Convergent UK

Since entering the UK market in 2015, Convergent now serves customers across the country from offices in East Sussex, London, and Birmingham.

With colleagues situated across the country, Convergent offers a variety of services and solutions, such as access control, video surveillance, cybersecurity, and digital transformation technology.

Convergent is purpose-built for mission-critical verticals—such as financial, pharmaceuticals, data centers, and more—and has achieved carbon-neutral status year-on-year since 2020.
